FOR THE SOUTHERN DISTRICT OF MISSISSIPPI
SOUTHERN DIVISION

In Re: Motions for Retroactive Application
of the November 1, 2007, Amendment to
Cocaine Base Offense Level Guidelines;
U.S.S.G. § 1B1.10

ADMINISTRATIVE ORDER

The United States Sentencing Commission has amended the advisory Federal Sentencing Guideline for cocaine base [crack cocaine] offenses. The amendment lowers by two levels the base offense level for those persons sentenced on or after November 1, 2007. On December 11, 2007, the Commission elected to apply the crack cocaine advisory guideline amendments retroactively. In order to effectively implement and administer the retroactive amendments to the crack cocaine advisory sentencing guideline provisions, the Court enters the following administrative order on the following cases:
